PROFESSIONAL EXPERIENCE

Data Scientist | Swiggy | Bengaluru, India | 2021-2024

- Built real-time demand forecasting model (LSTM) achieving MAPE of 7.2%, enabling 18% reduction in food wastage across 80+ dark kitchens.
- Implemented recommendation engine for restaurant discovery; increased CTR by 14% in A/B test on 2M user cohort.
- Automated weekly performance reporting via Python + Airflow DAGs, saving 12 analyst hours/week.

Data Analyst | MakeMyTrip | Gurugram, India | 2019-2021

- Created pricing dashboards for the flights vertical using SQL and Tableau, used by 8 revenue managers daily.
- Conducted cohort analysis on 500K users to identify drop-off points, informing UI redesign that lifted booking rate by 9%.
